You will need to provide evidence of meeting all the conditions of your offer. If you don't require a Student Visa, you need to provide them at least one month before the start date of your course. You can use Student View to submit all your documentation.

## **Accommodation options and guarantee**

Now that you've got your offer you should start thinking about where you want to live. We've got a wide range of choices, and all eligible students are guaranteed an offer of university accommodation. You can find details on our website: [www.brighton.ac.uk/living-here](http://www.brighton.ac.uk/living-here).

## **Financial Information and Support**

We've classified you as an international student for fee purposes based on the information provided in your application. If you think this is incorrect please message our Admissions Team through your applicant area in [Student View](#) immediately with full details of your circumstances. Information on how international fee status is assessed is available here: [www.ukcisa.org.uk](http://www.ukcisa.org.uk).

Our fees are reviewed annually and as an international student your tuition fees are subject to a maximum annual increase of the higher of 5% or the UK RPI measure of inflation. International students are required to pay a deposit of £5,000 before a Confirmation of Acceptance for Studies (CAS) number can be issued, if required.

For more information on international fees, scholarships that you could apply for, and how to pay your deposit, please visit [here](#).

Please note that this information will not be taken into account when determining academic suitability for the course; course offers relate to academic fitness for the course only. It is really important that you meet with the Disability and Learning Support team as soon as possible to discuss your needs. It is only after discussion that we can be clear on what we are able and/or unable to offer. This will mean you can make an informed choice on whether to accept and proceed with the offer or not.

## **English Language preparation courses**

If your current IELTS (or equivalent test) does not meet these minimum grades, we offer a range of Pre-sessional English language courses which can be studied as an alternative to retaking IELTS. There are on-campus and online study options. Full details can be found by visiting our [Pre-sessional English courses](#) webpage.

Our on-campus pre-sessional English course is delivered by our partner Kaplan at University of Brighton International College on the university campus. Please find more information on our [on-campus Pre-sessional English courses](#) webpage.

## **Visas**

You will be required to make an immigration application to obtain permission (a visa) to come to the UK to study at the University of Brighton, unless you already have an appropriate form of immigration permission. It is your responsibility to ensure you have the correct visa to study at this institution.

If you are a national of a country that is in the EEA, or a Swiss national, you will also need to make an immigration application in order to obtain permission to come to the UK to study, unless you have already applied to the UK's EU Settlement Scheme (EUSS) and been granted Pre-Settled or Settled Status or have another appropriate form of immigration permission.

The University of Brighton is registered as a licenced sponsor under the Student route. If you

require a Confirmation of Acceptance for Studies (CAS) number to make a Student visa application, you will need to complete our CAS questionnaire; a link for this will appear on the visa information tab in your applicant area once your offer of a place is unconditional and you have firmly accepted this offer. It is essential that you apply for your CAS promptly. Please refer to our advice on the application process for [relevant deadlines](#).

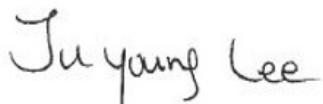

Please note you will be required to meet specific Home Office requirements to be eligible for a CAS number. If you are unable to meet these requirements this may regrettably affect your eligibility for a CAS number for a Student visa, which could impact upon your ability to study with us. For further information please refer to our website: [www.brighton.ac.uk/immigration](http://www.brighton.ac.uk/immigration).
